ABSTRACT

This supplement to the Annual Report of the State Superintendent of Public Instruction provides statistical and financial data about the public schools of Utah in 1992-93. The Statistical Section contains information about student enrollment and membership, which exceeded 461,000 students, and about characteristics of the state's student body, including information about high school graduates and dropouts. Information is also presented about the state's teachers, including numbers of certificated personnel, the programs in which they teach, and salary information. The Financial Section reviews the sources of revenue and types of expenditures for the state. Information is presented in 1 summary table, 4 charts, and 57 unnumbered summaries in table form. A glossary is attached. (SLD)

GLOSSARY OF TERMS

ADULT EDUCATION - Organized public educational programs, other than regular full-time and summer elementary and secondary day school, which provide opportunities for adult and out-of-school youth who have not graduated, to further their education.

AIDE - An assignment to assist a teacher with routine activities associated with teaching those activities requiring minor decisions regarding students, such as monitoring, conducting rote exercises, operating equipment, and clerical.

ALTERNATIVE HIGH SCHOOL - A non-standard high school for students with special needs, interests, or learning styles.

APPLIED TECHNOLOGY EDUCATION - Organized educational programs, services, and activities which are directly related to the preparation of individuals for paid or unpaid employment, or for additional preparation for a career, requiring other than a baccalaureate or advanced degree.

APPROPRIATION - An authorization granted by a legislative body to make expenditures and to incur obligations for specific purposes.

ASSESSED VALUATION - The total value of property subject to the ad valorem property tax in a taxing entity (such as a school district). It is established and governed by law and rule; and is assessed by the State Tax Commission for centrally assessed properties (properties which cross county lines such as utilities and natural resources) and by local county assessors for all other property. Related terms:

> Property - Property which is subject to assessment and taxation according to its value, but does not include monies, credits, bonds, stocks, representative property, franchises, goodwill, copyrights, patents, or other intangibles.
>
> Fair Market Value - The amount at which property would change hands between a willing buyer and a willing seller, neither being under any compulsion to buy or sell and both having reasonable knowledge of the relevant facts. Fair Market Value includes the adjustment for intangibles for real property assessed by the county assessor (intangible values may lessen the actual amount that may be received in a particular sales transaction).
>
> Taxable Value - Fair Market Value less any applicable reduction allowed for residential property. From January 1, 1992 forward the residential exemption is 29.50 percent.

ASSESSED VALUATION, ADJUSTED - The Utah Neighborhood Redevelopment Act allows redevelopment agencies (RDA's) to receive tax increment funds (taxes raised as a result of increased value or tax rate in relation to the established redevelopment project base tax year) to finance redevelopment projects. This is also known as "Tax Increment Financing" or TIF. As tax increment dollars are sent to redevelopment agencies and not to taxing entities, the equivalent valuation (or redevelopment valuation adjustment) of those increment dollars must be reduced. An **ADJUSTED** assessed value (the assessed value less the adjustment for redevelopment) is the value taxing entities should use to multiply by the tax rate and estimated collection rate to determine an estimated dollar yield.

ASSESSED VALUATION PER PUPIL, ADJUSTED - The adjusted assessed valuation per pupil is the adjusted assessed valuation for a school district divided by the district's total average daily membership (ADM).

AVERAGE DAILY ATTENDANCE (ADA) - The aggregate attendance of a school during a reporting period (normally a school year) divided by the number of days school is in session during this period. Only days on which the pupils are under the guidance and direction of teachers should be considered days in session. Average Daily Attendance Data were no longer reported after 1982-83 and is estimated to be 0.9462 of Average Daily Membership.

AVERAGE DAILY MEMBERSHIP (ADM) -

> Aggregate Days of Membership - The sum of all days of membership of all students during a school year.
>
> Average Daily Membership (ADM) - The aggregate membership of a school during a reporting period (normally a school year of 990 hours) divided by the number of days school is in session during this period. Only days on which pupils are under the guidance and direction of teachers should be considered as days in session.
>
> Membership - The number of pupils on the current roll of a class or school as of a given date.

AVERAGE CONTRACT SALARY - The weighted arithmetic mean of the combined salaries of classroom teachers, substitute teachers, principals, supervisors, and other instructional personnel. Includes regular salaries for full-time and part-time employees considered to be in positions of a permanent nature. Does not include employee benefits or career ladder monies.

BASIC STATE-SUPPORTED SCHOOL PROGRAM - Educational programs for kindergarten, elementary, and secondary school students which can be operated and maintained for the amount derived by multiplying the number of weighted pupil units for each district by the current WPU value.

CAPITAL OUTLAY - An expenditure that results in the acquisition of fixed assets or additions to fixed assets, which are presumed to have benefits for more than one year. It is an expenditure for land or existing buildings, improvements of ground, construction of buildings, additions to buildings, remodeling of buildings, or initial, additional, and replacement of equipment, furniture and fixtures, machinery, vehicles and media materials.

CATEGORICAL PROGRAMS - State aid that is designated for specific programs. Examples would be transportation aid, special education aid and aid for applied technology education.

CERTIFICATED PERSONNEL - Professional personnel who have obtained an official certificate from the Certification Section of the State Office of Education.

CLASS SIZE - A measure of the ratio of staff to students in public schools. For example, average class size is computed by dividing the total number of students in a unit (e.g., school system, district, school, department) by the total number of teachers in the same unit.

CLASSIFIED PERSONNEL - Personnel who have not obtained an official certificate from the Certification Section of the State Office of Education. Classified personnel includes such positions as secretaries, aides, custodians, bus drivers, food service workers, etc.

CLASSROOM TEACHER - A school staff member assigned the professional activities of instructing pupils for all graded and/or ungraded classes in a school usually expressed in full-time equivalents.

CURRENT EXPENDITURES (ELEMENTARY/SECONDARY) - The expenditures for operating local public schools, excluding capital outlay, debt and interest on school debt. These expenditures include such items as salaries and benefits, fixed charges, student transportation, school books and materials, and energy costs.

CURRENT EXPENDITURES FOR OTHER PROGRAMS - Current expenses for summer schools, adult education, post-high school vocational education, personnel retraining, and community services including day care, services to private school pupils, community centers, recreational activities, public libraries, etc., when operated by local school districts and not part of the regular public elementary and secondary day-school program.

CURRENT EXPENDITURES PER PUPIL IN AVERAGE DAILY ATTENDANCE - Current expenditures for the regular school term divided by the average daily attendance of full-time pupils (or full-time equivalency of pupils) during the term. See also Current Expenditures and Average Daily Attendance. This includes state, local, and federal revenue.

DEBT SERVICE - Expenditures for retirement of long-term debt including principal and interest.

DROPOUT - An individual in grades 7-12 who:

(1) was enrolled in public school at some time during the previous school year;

(2) was not enrolled within five school days of the start of the current school year;

(3) has not graduated from high school or completed a State- or district- approved education program;

(4) does not meet any of the following exclusionary conditions: (a) transfer to another public school district, private school, or State- or district-approved educational program; (b) temporary absence due to suspension or school-approved illness; or (c) death.

DROPOUT RATE - The percentage of dropouts under 22 years of age eligible to be enrolled in grades seven through twelve.

Annual Dropout Rate - Also called the single-year event dropout rate, it is the proportion of students who leave school without completing high school during a specific 1-year period. This rate allows for annual comparisons, pinpointing when students drop out. It is an indication of the effectiveness of intervention programs over time.

Annual Dropout Rate = Number of dropouts / October 1st fall enrollment * 100

EARLY GRADUATION - A curriculum program and delivery system which allows students the option to complete high school graduation requirements and prepares students to meet college admission requirements at the conclusion of the eleventh grade, or prior to the conclusion of the 12th grade. Students involved in accelerated learning programs are not precluded from graduating at an earlier time.

ELEMENTARY SCHOOL - A school classified as elementary by State and local practice and composed of any span of grades not above grade 6.

EXPENDITURES - Charges incurred, whether paid or unpaid, which are presumed to benefit the school current fiscal year. For elementary/secondary schools, these include all expenditures for current outlays plus capital outlays and interest on school debt.

EXPENDITURES PER PUPIL - Charges incurred for a particular period of time divided by a student unit of measure, such as average daily attendance or average daily membership.

FALL ENROLLMENT - The total number of students registered on or about October 1st of each year.

FOUNDATION PROGRAM - A foundation program is a state equalization aid program that typically guarantees a certain foundation level of expenditure for each student, together with a minimum tax rate that each school district must levy for education purposes. The difference between what a local school district raises at the minimum tax rate and the foundation expenditure is made up in state aid. Foundation programs focus on the per pupil expenditure level and thus enhance the state government's fiscal role in education.

FULL TIME EQUIVALENT (FTE) - The amount of employed time normally required of a staff member to perform a less than full-time assignment divided by the amount of time normally required in performing a corresponding full-time assignment, with "1.00" representing one full-time equivalent position.
